

REMARKS

Claims 1-26 presently appear in this case. The amendment to the claims is being made to eliminate all multiple dependencies so as to reduce the filing fee. Please enter this amendment prior to calculation of the filing fee.

The above amendments are made to correct the claim dependencies of those claims which are improperly multi-dependent under U.S. Practice so that such claims will be placed in better form for U.S. practice and will therefore be examined, and also to eliminate all multi-dependencies in order to reduce the government filing fee. Such amendments are made entirely without prejudice to applicant's rights to later present claims of varying scope encompassed by the multi-dependencies deleted above, applicants respectfully reserving their right to add claims at a later stage commensurate in scope with claims which may have been eliminated by the removal of all multi-dependencies. The amendments made above are thus made without dedication, disclaimer, abandonment, waiver, forfeiture, renunciation, concession, and/or surrender of any kind. The amendments made above are not "narrowing" amendments. The scope of the claims has not been reduced; no limitations have been added and none are intended.
